## Ice Age Animal Finger Puppets

### Materials:

- Finger puppet templates
- Scissors
- Crayons, colored pencils, markers, etc.
- Pipe cleaner or other bendable material
- Tape
- Hole punch (or you can use the scissors)

### Instructions:

1. Print out a set of finger puppets.
2. Add some color if you wish.
3. Cut out around the puppet heads.
4. Punch out or cut out holes for fingers and tusks.
5. Add tusks by threading one pipe cleaner (or other bendable material) through the tusk holes, and tape in place on the back.
6. Add your fingers to make the mammoth's trunk and the Smilodon's saber teeth with your fingers.
